

# Developing a Conservation Plan to Minimize Impacts of Military Training in Makua Valley

PIERC Project Leader: James Jacobi, Ph.D.

Makua Valley, Oahu

## Objectives:

- ☆ Assist Army in identifying threats, research, and management needs for species, relative to a Section 7 Consultation with FWS for training activities in Makua Valley on O'ahu, Hawai'i
- ☆ Develop monitoring program to assess effectiveness of efforts

## Accomplishments:

- ☆ Produced a detailed draft of the conservation plan for Makua Military Reservation
- ☆ Implementation Plan addresses all aspects of conservation of species affected by training activities

## Significance:

- ☆ Successful implementation of plan needed so Army will not jeopardize listed endangered species in Makua
- ☆ The aspects of conservation management addressed in the Implementation Plan are pertinent to management of other species and areas in Hawai'i
